

## GROOVED SURFACE PLATES

ČSN 25 5511

The plates are available in scraped condition in the quality No.2 according to ČSN 014455 and of flatness II according to ČSN 255502. In a special version, plates of flatness I, 0, 00 (higher accuracy is always the half of the preceding accuracy), are available. For example plate 1000 of precision II is of 0,040 tolerance, I = 0.020, O = 0.010, OO = 0.005.

O	L	S	V	U	G
200	200	200	60	0.024	6
300	300	200	65	0.026	10
400	400	300	75	0.028	25
500	500	400	85	0.03	36
600	600	450	95	0.032	57
800	800	600	130	0.036	126
1 000	1 000	800	160	0.04	238
1 500	1 500	1 000	210	0.05	584

Dimensions in mm.

Legend:

O .... plate marking

U .... tolerance of flatness, ČSN 25 5502

G .... weight [kg]
